EDUCATION

- **Master of Computer Applications**
Roorkee Institute of Technology 2023-2025
- **Bachelor of Computer Applications**
Rajiv Gandhi University 2020-2023
- **Intermediate**
Kendriya Vidyalaya 2016-2019

TECHNICAL SKILLS

- **Languages:** C++, Python, JavaScript, SQL, HTML, CSS
- **Frameworks & Libraries:** React Native, Expo
- **Tools & Platforms:** GitHub, Android Studio, VS code, Firebase
- **Core Concepts:** OOP, DBMS, OS, Computer Networks
- **Soft Skills:** Communication, Teamwork, Problem-Solving, Time Management, Adaptability

PROJECTS

Voice Assistant Feb 2023 – May 2023

- A **Python-based voice assistant** that works as a **voice-operated chatbot** for university or college websites, providing details like **course information**, **admission portal access**, and more through voice commands.
- It uses the **speech_recognition module** with **Google's free web speech API** via the **recognize_google** method for multilingual **speech-to-text** conversion and **pyttsx3** for **text-to-speech** outputs.

Fitmate App Sep 2024 – Jan 2025

- Developed a **fitness mobile app** using **React Native Expo** that provides detailed **exercises** for each body part along with **exercise variations** displayed through **GIFs**, fetched via the **ExerciseDB API** from rapidapi.
- Users can also generate personalized **diet plans** by entering their **weight**, **height**, and fitness goals (gain or lose weight), using the **OpenAI API** for intelligent recommendations.

Business Directory App Feb 2025 – Present

- Designed a **Business Directory app** using **React Native Expo** that lets users **search and host businesses** across categories like clothing, daily products, automobile and many more.
- Used **Firebase as the local database**. Future enhancement can include real-time geolocation using **Google Maps API** or **Places API** to find and host **businesses based on location**.

HONORS AND ACHIEVEMENTS

- Solved over 300 coding problems across platforms like HackerRank, LeetCode and geeksforgeeks.
- Completed Full Stack Web Development course with certification from **NASSCOM**.
- Participated in a regional-level cricket tournament and Youth Parliament during school years
- Secured 3rd rank in Bachelor's degree program.
